“GRAZING ACT, 1919.”

HIS HONOUR the Lieutenant-Governor in Council has been pleased to approve the following regulations under the above Act:—

GRAZING REGULATIONS APPLICABLE TO CROWN LANDS OF THE PROVINCE OF BRITISH COLUMBIA.

Establishment of Grazing Districts.

Regulation 1. In order that the proper measure of control may be exercised on Crown lands, the Province has been divided into seven grazing districts, the boundaries of which shall be those of the forest districts as defined by the Order of the Lieutenant-Governor in Council dated April 3rd, 1919, and published in the British Columbia Gazette on April 10th, 1919. The seven grazing districts so defined are as follows: Cranbrook, Fort George, Kamloops, Nelson, Prince Rupert, Vancouver, and Vernon.

Subdivision of Grazing Districts.

Regulation 2. The Minister will divide the Crown lands of each grazing district into sub-districts to be administered in co-operation with recognized live-stock associations established in each district or sub-district. The use of such Crown lands to be subject at all times to existing land laws. The Minister will prescribe each year the number of stock of each class to be grazed in each grazing district.

Stock Associations.

Regulation 3. Whenever a majority of the owners of any class of live stock using a district or portion thereof shall organize themselves into a live-stock association approved by the Minister for the purpose of protecting and improving the range and live stock, a committee selected by the association shall be recognized by the Department as an Advisory Board for the association for purposes of consultation with the officers of the Department in

reference to any matters pertaining to the management of grazing on the Crown range within the district or portion of a district for which the association is recognized.

Special Rules.

Regulation 4. Each grazing district or sub-district will be administered in accordance with special rules designed to meet the needs of the stock and range to which they are applicable. Wherever in the judgment of any live-stock association the establishment of certain special rules is advisable for the protection of the range and stock grazing thereon, and such rules are approved by the Department and are not in conflict with existing Provincial live-stock laws, the Department will establish these special rules for the Crown lands involved. When such rules become effective all persons using the range to which they apply will be required to comply with them:

Range Improvements.

Regulation 5. Wherever any recognized live-stock association constructs any needed range improvements approved by the Department, permittees using said range will be required to pay their *pro-rata* share of the cost of said improvements in all cases where they are benefited by them. The *pro-rata* share will be based upon the number of stock each permittee turns out upon the range benefited by the improvement, and will be subject to annual readjustment upon change taking place in the number and kind of stock grazed by permittees.

Permits.

Regulation 6. Each corporation, copartnership, and individual entitled to the use of the Crown lands for grazing purposes will protect such use by applying for and securing each year a permit to graze the number of stock he desires to graze. The Department will receive applications and issue permits for the grazing use of Crown lands on forms furnished for such purposes. Sixty days' public notice will be given each year of the date on or before which all applications for grazing permits must be filed with the Department.

Qualification of Permittees.

Regulation 7. In the issuance of grazing permits first consideration will be given to the resident stock-owner whose improved ranch property or leasehold is or has been dependent upon the use of Crown range in the grazing district within which he is located, as well as to *bona-fide* settlers entitled to the privilege of free or partially free grazing permits for not to exceed ten head of milch cow and work animals, or, in lieu thereof, twenty head of sheep. The needs of such permittees to be determined after conference with the Advisory Board recognized for each locality involved.

Grazing Fees.

Regulation 8. A reasonable fee will be charged for grazing all kinds of live stock on the Crown range within established grazing districts. All grazing fees are payable in advance of the beginning of the grazing season unless otherwise authorized by the Minister. The charge for grazing on Crown range will be on a per-head basis, and each allotment will embrace sufficient range to support the number of stock covered by the permit for the period for which it is issued. The initial rate will be five cents (5c.) per head of cattle per month, with a minimum charge of twenty-five cents (25c.) and a maximum charge of fifty cents (50c.) per head per season. Rates for horses will be twenty-five per cent. (25%) more than those for cattle, and the rates for sheep and goats one-quarter of those for cattle.

Grazing Trespass.

Regulation 9. The following acts are hereby defined as acts of trespass:—

- (a.) Allowing stock not exempt from permit to drift or graze on any Crown range without permit:
- (b.) Grazing or driving stock not exempt from permit on any Crown range without permit:
- (c.) Violation of or failure to observe any term or condition of a grazing permit of any kind:

(d.) Refusal to remove stock from any Crown range upon instructions from an authorized officer.

Every person who commits any act of trespass as defined in these regulations shall be guilty of an offence, and liable, on summary conviction, to a penalty not exceeding fifty dollars (\$50), and each day's continuance of the act of trespass shall constitute a new and distinct offence.

If the holder of an entry as above described desires to cut timber on the land held by him for sale to either actual settlers for their own use or to other than actual settlers, he shall be required to secure a permit from the Crown Timber Agent in whose district the land is situated, and shall pay dues on the timber sold to other than actual settlers at the rate set out in section 42 of these regulations, but the amount so paid shall be refunded when he secures his patent.

CANADIAN CAR DEMURRAGE RULES.

BOARD OF RAILWAY COMMISSIONERS FOR CANADA,
GENERAL ORDER NO. 201.

It is ordered that the rules hereinafter set forth shall be known as the "Canadian Car Demurrage Rules," superseding the "Canadian Car Service Rules" prescribed by the Order of the Board No. 906 (General Order No. 1), dated January 25th, 1906—

And it is further ordered that this Order become effective August 20th, 1917.

H. L. DRAYTON,

*Chief Commissioner,**Board of Ry. Commissioners.**Ottawa, August 1st, 1917.*

RULE 1. CARS SUBJECT TO THESE RULES.

Cars held for or by consignor or consignee for loading, unloading, forwarding directions, or for any other purpose.

Exceptions.

(a.) Private cars (loaded or empty) on private tracks of the car-owner.

(b.) Empty private cars stored on carriers' or private tracks.

(c.) Cars containing freight for transshipment to vessel, when moving on through bill of lading and held at railway terminal awaiting boat.

RULE 2. NOTIFICATION.

(a.) Notice shall be sent or given the consignee by the carrier in writing, or as otherwise agreed to in writing by carrier and consignee, with all dispatch after arrival of the car and billing; such notice to show the point of shipment, car initials, and number and the contents, also the initials and number of the original car if transhipped in transit. If notice is mailed the consignee shall be held to have been notified at 7 o'clock a.m. following the date of mailing.

The carrier shall notify the consignee or his carter on application where his car has been placed for unloading. Any time lost to the consignee by default of the carrier in giving such information shall be added to the free time allowance.

(b.) Delivery of cars upon private sidings or industrial interchange tracks shall constitute notification thereof to the consignee. If such delivery cannot be made owing to such tracks being fully occupied, or from any other cause beyond the control of the carrier, written notice of readiness so to deliver shall be given and shall constitute notification to the consignee for the purposes of these rules, in which case the free time shall be computed from 7 o'clock a.m. of the first following day.

(c.) In all cases where notice is required, by removing any part of the contents of the car the consignee shall be considered to have received such notice.

RULE 3. FREE TIME ALLOWANCE.

(a.) Twenty-four hours (one day) after notice of arrival (exclusive of Sundays and legal holidays) shall be allowed for any or all of the following purposes, if necessary:—

(1.) For clearing customs:

(2.) In the case of the consignees not served by private sidings or industrial interchange tracks, to give orders for special placement:

(3.) For reconsignment or reshipment in same car:

(4.) When cars are held in transit for inspection or grading, or are stopped in transit to complete loading, to partly unload, or to partly unload and partly reload, when such privilege of stopping in transit is allowed in the tariffs of the carriers.

(b.) If the twenty-four hours allowed for the above mentioned purposes are exceeded, demurrage shall be charged.

(c.) Forty-eight hours' (two days') free time (exclusive of Sundays and legal holidays) shall be allowed for loading or unloading all commodities.

Exceptions.

(1.) In the portion of Canada, Port Arthur and west, in which the "Canada Grain Act" applies, twenty-four hours' free time only shall be allowed for loading grain.

(2.) Five days' free time shall be allowed at Montreal and at tide-water ports for unloading lumber and hay for export.

(3.) Manufacturers, lumbermen, miners, contractors, and others, who have their own motive power and handle cars for themselves or others, shall be granted an additional allowance of the time necessary for them to do the switching from and to the designated interchange tracks, but not to exceed twenty hours.

RULE 4. COMPUTING TIME.

(a.) On cars held for loading, time shall be computed from the first 7 a.m. after placement until loading is completed and proper billing instructions are furnished, except that on cars placed for loading grain at stations west of and including Port Arthur free time shall be computed under the provisions of the "Canada Grain Act."

(b.) On cars held for disposal (*see* Rule 3-a), time shall be computed from the first 7 a.m. after the day on which notice of arrival is sent or given to the consignee.

(c.) On cars held for unloading, time shall be computed from the first 7 a.m. following placement on public delivery tracks, provided notice of arrival has been sent or given to the consignee.

(d.) On cars to be unloaded on private delivery tracks, time shall be computed from the first 7 a.m. after actual or constructive placement on such tracks.

(e.) On cars to be loaded or unloaded on tracks of manufacturers, lumbermen, miners, contractors, or others, who have their own motive power and handle cars for themselves or others, time shall be computed from the first 7 a.m. following actual or constructive placement on the interchange tracks until returned thereto. Cars returned loaded shall not be recorded released until billing instructions and other necessary data are furnished.

(f.) When empty cars are placed for loading on orders and are not used, demurrage shall be charged

from the first 7 a.m. after placement until released, without any free time allowance.

(g.) When an empty foreign car is placed for loading via a specific route, so as to protect the ownership of car according to Car Service Rules, and when loaded is offered for transportation by any other route, demurrage shall be charged until the car is unloaded, without any free time allowance.

(h.) Time lost to the consignor or consignee through switching of cars, or through any other cause for which the railway company is responsible, shall be added to the free time allowance.

(i.) In computing free time or demurrage time, Sundays and legal holidays shall be excluded. The exemption for holidays shall not include half holidays.

RULE 5. WEATHER INTERFERENCE.

(a.) If wet or inclement weather, according to local conditions, renders loading or unloading impracticable during business hours, or exposes the goods to damage, the free time allowance shall be extended so as to give the full free time of suitable weather. If, however, the cars are not loaded or unloaded within the first forty-eight hours of suitable weather, no additional free time shall be allowed.

(b.) Should bulk freight be so frozen in transit, or before placement, as to render unloading impossible within the prescribed free time, such additional time shall be granted as may be necessary.

RULE 6. BUNCHING.

(1.) *Cars for Loading.*—When, by reason of delay or irregularity of the carrier in filling orders, cars are bunched and placed for loading in accumulated numbers in excess of daily orders, the shipper shall be allowed such free time for loading as he would have been entitled to had the cars been placed for loading as ordered.

(2.) *Cars for Unloading or Reconsigning.*—When, as the result of the act or neglect of any carrier, cars destined for one consignee at one point are bunched at originating point, in transit, or at destination, and are delivered by the line carrier in accumulated numbers in excess of daily shipments, the consignee shall be allowed such free time as he would have been entitled to had the cars been delivered in accordance with the daily rate of shipment.

Claims for refund of demurrage under this rule to be presented to the carrier's agent within fifteen days.

RULE 7. PLACEMENT.

(a.) "Actual placement" is made when a car is placed in a reasonably accessible position for loading or unloading.

(b.) Delivery of cars to private sidings or industrial interchange tracks shall be considered to have been made when such cars have been placed thereon, or when they would have been so placed but for some condition for which the consignee is responsible. When cars can not be so placed, the carrier shall notify the consignee in writing of its inability to deliver the cars because of the condition of the private siding or interchange tracks, or because of other conditions attributable to the consignee. This shall be considered "constructive placement."

Should the delivery require interswitching, the switching carrier shall notify the line carrier when for the aforesaid reason cars cannot be placed, and the latter shall furnish the former with particulars of cars ready for transfer (numbers and initials and points of shipment, contents and consignee, and if transhipped in transit the numbers and initials of the original cars). The switching carrier shall give this information to the consignee, with notification that the said cars are under constructive placement.

(c.) When delivery cannot be made on specially designated public delivery tracks on account of such tracks being fully occupied, or from any other cause beyond the control of the carrier, the carrier shall send or give the consignee notice in writing, or as otherwise agreed to by carrier and consignee, of its intention to make delivery at the nearest point available to the consignee, naming the point.

Such delivery shall be made unless the consignee shall before delivery indicate a preferred available point, in which case the preferred delivery shall be made.

RULE 8. CUSTOMS OR INSPECTION DELAYS.

Demurrage shall not be collected from the consignee for any delays for which Government or railway officials may be responsible.

RULE 9. DEMURRAGE CHARGES.

After the expiration of the free time allowed, the following charges shall be made for each day until the car is released:—

\$1 for the first day or fraction thereof.

\$2 for the second day or fraction thereof.

\$3 for the third day or fraction thereof.

\$4 for the fourth day or fraction thereof.

\$5 for the fifth and each succeeding day or fraction thereof.

RULE 10. NON-PAYMENT.

If payment of demurrage charges properly due on cars held on public delivery tracks be refused, delivery of only the car or cars on which such charges are due shall be withheld by means of sealing or locking, or by placing where such cars shall not be accessible.

If the owners or users of private tracks, or the owners of industrial tracks referred to in Rules 3 and 4, refuse to pay any charges which may already be due, delivery of cars to such sidings or tracks shall be suspended, and delivery shall be made on any available public team track until such charges have been paid. ap24
